Are you my child?

"Are you my Child?"

Here is volume 1. It's my first series in a while.

I came up with a story like that movie from a while back, "Three Men and a Baby", where some boy has a baby forced upon him, and the running here and there that follows. At first, it was a story about [illegible] and [illegible] join in on the child-raising. It didn't end up that way though...

Yamabuki Sumire. One year three months old. She's become good at standing up.

There's no opinion...

that the reason why animal's babies are cute is because of their only way of protection.

In other words... it's a signal to the others, saying, "Well, aren't I cute? Protect me"

Human babies are no expection

I hate them!

But aside from animals, human brats...

are noisy and depressing

Wahh..
Look,Look
So Cute!
Ahhh..
Let me take a picture!
There are wrinkles on your face
GUH
And anyway, why would you bring a baby here?
What's so cute about it?
It's drooling. That's dirty
THUD

Note: All characters' names and organizations are fictional

Even though you like the process of making it em right?
I hate brats
She was crying so much
That poor girl.
Yeah
That cigarette...
Could you please stop holding it here?
E... Excuse me
oh, Jun
Now I want to do it

If you walk around smoking like that,
It would be bad for children's health, you know?
Hey
I don't recall asking you for instructions
I
It's okay
...
Geez!
Id never though about a child's health.
Its true if I just put it out, right?
What?
oh, no...
I'm grateful for your cooperation
Hey do you
go around warning every single person, one by one?

As much as I can
Did you see that? Such a strange woman here is. It that hairstyle nowadays
Don't you think she probably hates us?
She certainly was a strange woman.
But...
Hey
If you notice her clothes and her hairstyle, and just look a little more
well...
She's kind of my type ... maybe
Ah.

This isn't bragging but my first time was when I was 12.
Since then, I've had more sex than I can keep track of.

I'm busy at the moment you get it, Jun. You are an idle college student
The next time you call me "old hag", I will kill you.
Call me "Okaa-sama"
*meaning mother
oh, and..
yeah yeah

My mother, who never had any self-awareness about being a mother, has been running wild and having more and more fun
It was a relief
My parents divorced five years ago For a long time, they were a couple who seemed like there is no reason for them to be together..
Are you kidding, Okaa-sama?

Such a person shouldn't even put on a mask of being a mother
